

Explore the world with Zeke!

Join Zeke and the animals of *The Caravan* on the adventure of a lifetime! Characters like Raj and Sindi band together to introduce children to different aspects of Asian cultures and missions.

The Caravan adventures are the centerpiece to connecting children with missions. The stories are designed for Preschool, Grades 1-4 or Grades 5 and 6 and can be used in a classroom setting or for children to read themselves.

The Caravan is an engaging supplement to your children's curriculum and materials. **Simply go to CaravanFriends.org and download free stories, games, activities, coloring sheets and more!**

Go & Tell equips parents and teachers to teach God's Word to children. The teaching guide and story set challenge students to share stories from the Bible about God with their friends and family. If children learn to share the Good News when they are young, they will also do it when they are adults. *Great for using in a VBS or on a mission trip, too!*
